Work Experience

Software Developer (Fullstack), IGT Consulting s.r.o. 🔗

07/2024 – 12/2025 | Bratislava, Slovakia

Fullstack engineer with a focus on Elixir, serving as the backup team leader for a team of six. Responsible for the CI/CD testing pipeline, including both end-to-end and unit testing, and managing project requirements. Developed an intranet AI tool to streamline internal workflows and improve productivity. Collaborated effectively within a scrum methodology.

Wordpress Developer, Barney Studio, s. r. o.

08/2022 – 09/2024 | Bratislava, Slovakia

Developed solutions using WordPress, Laravel, and Prestashop. Custom plugin development. Delivered 25+ small and medium-sized projects. Highly focused on implementing SEO strategies that resulted in an increase in site visits for clients.
